Re: Camerina 1 Sand, Reservoir D  
North Parcperdue Field  
Vermilion Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **WALTER OIL & GAS CORPORATION** for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Camerina 1 Sand, Reservoir D, in the North Parcperdue Field, Vermilion Parish, Louisiana, for which rules and regulations were established and a single drilling and production unit was created for the exploration for and production of gas and condensate by the 902-A Series of Office of Conservation Orders, said unit being designated CAM 1 RD SUA:

1. To permit the applicant to drill, designate and utilize its Richard No. 1 Well as alternate unit well for the CAM 1 RD SUA, said well to be at the location shown on the plat attached hereto and made a part hereof.
2. To find that this well is necessary to efficiently and economically drain a portion of the reservoir covered by such unit which cannot be so drained by any existing well within such unit.
3. To permit the operator to produce the unit allowable for the aforementioned unit from the existing unit well and the proposed alternate unit well in any combination at its option.
4. Except to the extent herein set forth, to continue in full force and effect the provisions of the 906-A Series of Office of Conservation Orders and the units created thereby.

5. To consider such other matters as may be pertinent.

The Camerina 1 Sand, Reservoir D, in the North Parcperdue Field, Vermilion Parish, Louisiana, was previously defined in Office of Conservation Order No. 902-A-8, effective September 18, 1984, and redefined in Office of Conservation Order No. 902-A-15, effective September 15, 1998.

The proposed alternate unit well will permit efficient and economic recovery of hydrocarbons underlying the unit and will not adversely affect the adjacent offsetting landowners. Also, this well is necessary to satisfy the market demand for gas and condensate from the field. For these reasons, the applicant respectfully requests permission to drill, designate and utilize its Richard No. 1 Well to serve the CAM 1 RD SUA.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal and a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$755.00 **made payable to the Office of Conservation** and representing the required hearing application fee.

Very truly yours,

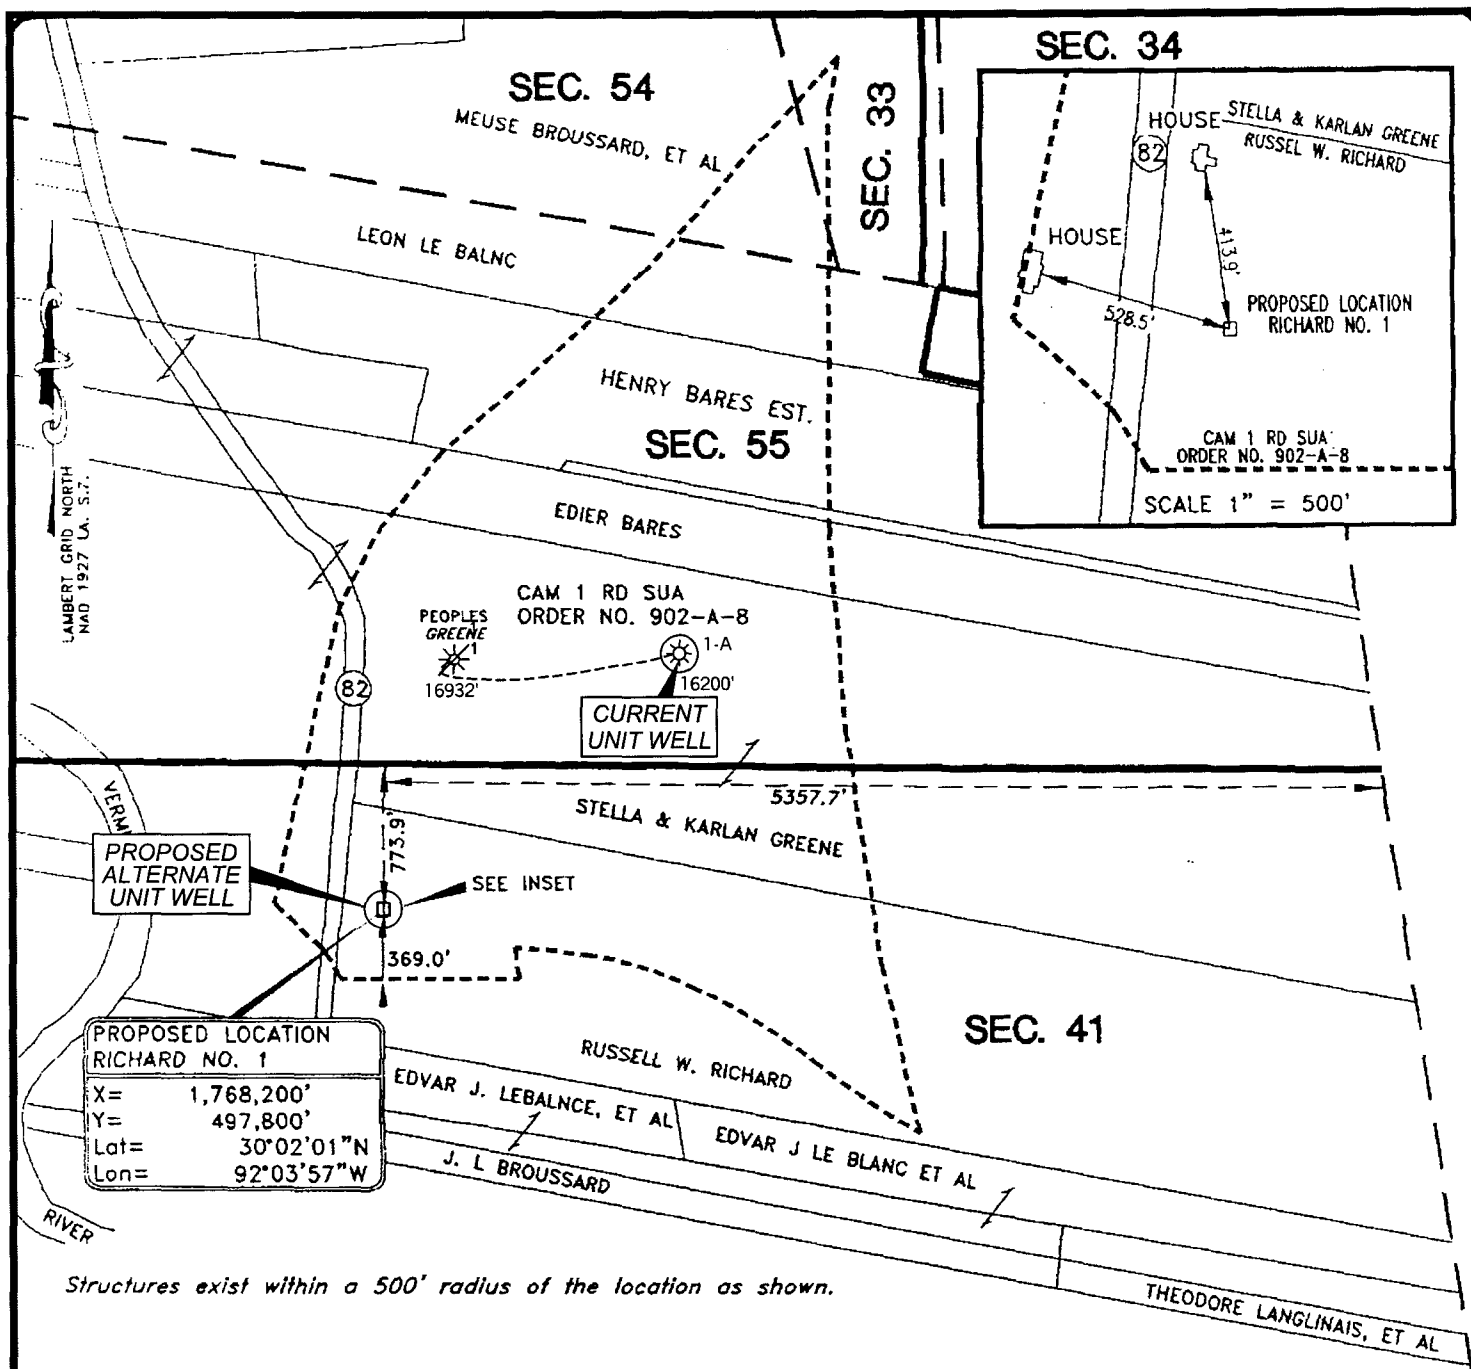

Richard W. Revels, Jr.
